Barite Market Size, Share, Report, Analysis, Trends & Forecast to 2023

Wed Jul 19, 2017 - 09:30am UTC

According to Statistics MRC, the Global Barite Market is accounted for \$1.34 billion in 2016 and expected to grow at a CAGR of 5.5% to reach \$1.95 billion by 2023.

Gaithersburg, US – July 19, 2017 —

Factors like growing automobile industry, persistent growth of construction industry and rapidly growing oil and gas drilling industry, increased investments in barite-mining projects are boosting the market growth. However, the stringent regulations of various governments over the production hamper the growth of the market.

Asia Pacific region is emerging significantly as India and China are the major product manufacturers along with huge demand for paints and plastics from countries including China, India and Thailand. Europe shows a stable growth due to recent economic crises in Western Europe. North America is anticipated to dominate the market due to the increased demand for barite drilling mud in the oil and gas industry.
